

Global Cyber Security Initiative (GCSI) Annual Conference 2026

Event

Event Posted: May 3, 2026

Event Start: April 30, 2026 8:30 AM

Event End: April 30, 2026 6:00 PM

Time Zone: US/Central Time (GMT-06:00)

Event Type: Conferences

Event Topics: ai, cybersecurity, risk, technology

Organized in October 2016, GCSI was founded to address the SEC and FINRA's annual ongoing areas of security concerns for their member firms. Since then we've brought together hundreds of CxOs and other senior leaders from marquee companies like IBM, Morningstar, Blue Cross BlueShield, Gartner, Verizon, HSBC, Bank of America, Tempus, Wealthfront, VSEC, CNA Insurance, University of Chicago Medicine, Northern Trust, Paylocity, CISO Spotlight, onShore Security, Old Second National Bank, Aon, AT&T, and Kirkland & Ellis LLP in addition to federal, local, and academic leaders from the FBI, Infragard, State of Illinois, Cook County, Illinois Institute of Technology, ISSA Chicago, IEEE-USA, and the Cyber Security Response Team at the University of Tulsa.

GCSI hosts its annual Conference at IIT Chicago – Kent College of Law (565 West Adams Street, Chicago, Illinois 60661-3691). The Global Cyber Security Initiative (GCSI), annual cyber security summit, co-hosted with Illinois Institute of Technology (IIT) and Pan Asian American Business Council (PAABC). Our Winter conference GCSI @ MxD Conference on Critical Infrastructure, OT and Manufacturing co-hosted with MxD and Pan Asian American Business Council (PAABC).

Every year GCSI brings together for this prestigious community recognized event nearly 200 leaders representing Senior Executives, CxOs and CISOs, Senior Security Officers and other senior cybersecurity professionals from a broad range of industries and business sectors. In addition, we have more than 20 prominent speakers scheduled together with the April and October conferences at IIT downtown campus at Chicago – Kent College of Law and MxD campus at 1415 N Cherry Ave, Chicago, IL 60642.

GCSI kick-off the conference with a high-energy Keynote followed by senior-leader panel discussions focused on the Digital assets, the Rise of AI, Cybersecurity Strategic, Risk & Budgeting addressing current issues including labor shortages and supply chain challenges for highly regulated industries like Healthcare, Insurance and Finance.

Join our Chief Operating Officer and conference speaker, David Neuman, for this high impact event!
